WOMEN'S HEALTHCARE

FALL NEWSLETTER • 2026

SEASONS CHANGE, *But God Is Always Good*

by Yvette Finlay, Executive Director

As I reflect on the past season, my heart is full of gratitude for God's faithfulness and for the many supporters who make this ministry possible. Together, we have walked alongside women facing unexpected pregnancies, offering compassionate care, practical support, and hope through the gospel when they need it most.

In fact, in the first half of 2026, we served 209 patients, saw 87 babies saved from abortion, and shared the gospel 180 times!

This year has also brought exciting changes, including the launch of our new brand, Assured Women's Healthcare. While our name has changed, our mission remains the same. Rebranding has opened new opportunities, but it has also come with challenges, from launching new websites to rebuilding our digital outreach. At the same time, the landscape of pro-life ministry continues to shift as abortion pills become more widely available and women often make decisions earlier than ever before.

Amid these changes, we continue to adapt so that women will always have a safe, welcoming place to process their unexpected pregnancy, hear accurate information, and find hope. We fight every day to protect precious preborn babies from abortion and to equip their parents to build healthy families today and in the years ahead. Every patient has the opportunity to hear the gospel and experience God's love. And none of that would be possible without you. Your prayers, generosity, and encouragement allow us to continue this life-changing work every day. Thank you for your partnership.

Now for some personal news. I will be stepping away from my role as Executive Director in September. This decision comes from a

desire to be more available to my family and my 13 wonderful grandchildren.

While it is bittersweet to leave a ministry I love so deeply, I know this is the right season for me to devote more time to those precious relationships. I am so grateful for the privilege of having served alongside such dedicated staff, volunteers, board members, and faithful supporters. The friendships and memories I've gained through this work will always hold a special place in my heart.

I leave with complete confidence in the future of Assured Women's Healthcare. Currently, our Board of Directors is working with an executive search committee to find our next Executive Director and ensure a smooth transition. The need for our ministry is great, the mission to save preborn lives is strong, and I am excited to see how God continues to work through our clinic in the years ahead.

Thank you for your faithful partnership, your prayers, and your belief in this mission. It has been one of the greatest privileges of my life to serve alongside you, and I look forward to cheering on Assured Women's Healthcare for many years to come.

For His glory,

Yvette Finlay

Ashley and Alina

ASPIRE

Our Aspire Pregnancy & Parenting program allows us to continue walking with the families we serve through pregnancy, birth, and the early years of parenthood. Volunteer parent mentors meet one-on-one with moms and dads and help them learn biblical parenting skills through online courses. By attending sessions, parents can earn "Baby Bucks" that allow them to "buy" new baby items from our baby boutique. We also offer ongoing spiritual support, family photos, and more to help them build healthy families.

If you want to volunteer as a parent mentor or donate items to our baby boutique, contact Sue at swilliamson@assuredorlando.org.

THE Collective

THE COLLECTIVE.

In June, we were blessed to gather with our The Collective members! It was a sweet time in more ways than one as we talked, laughed, enjoyed ice cream, and got to know these men and women who are so passionate about protecting the unborn.

The Collective is a community of donors who make monthly gifts to support our ministry. Their steady donations and willingness to take ownership in our ministry allow us to equip and encourage those facing unplanned pregnancies to choose life. Because of these regular gifts, we can budget effectively and provide a haven of hope, life, and the unconditional love of Jesus Christ. Together, we are creating a lasting impact in our community, all for God's glory.

Whether you have been faithfully supporting Assured Women's Healthcare for years or have recently begun partnering with us, we want to personally invite you to The Collective! Your monthly gift not only helps save lives but also empowers future growth and a greater impact.

Visit partnersofassured.org to set up your monthly donation!

Did you know?

- In 2025, the U.S. recorded 1,126,000 clinician-provided abortions. This does not include unborn babies killed by illegal abortion pills.
- Despite banning abortions after six weeks in 2024, Florida reported 48,150 legal abortions in 2025. Of these, 3,643 occurred in the counties we serve, Orange (2,966) and Seminole (677).
- In 2023, the most recent year for this data, 63% of clinician-provided abortions used the abortion pill. That number is certainly higher today.
- As of early 2026, more than 8,000 babies have been saved through abortion pill reversal, including at least one at our clinic!

STOPPING THE ABORTION PILL:

My Perspective

By Krystal Kearney, Medical Services Director

The phone rings. My heart pounds. The race against time begins. When I get a call from the Abortion Pill Reversal Network, I know I will soon be speaking with a mom who is afraid she's harmed her baby and is reaching out in desperation. She has contacted the APR Network because she has taken mifepristone, the first of the two pills in the abortion pill regimen, and wants to save her baby.

In the first moments on the phone, my words and tone matter deeply. Before a mom ever walks through our doors, she is listening for compassion, safety, and reassurance that she will not be judged. The most important thing I can communicate is simple: "You are not alone, and we are here to help you."

APR treatment uses progesterone to try to stop the effects of the abortion pill. We have helped moms who have driven over an hour to receive APR treatment at our clinic because Assured Women's Healthcare is the closest pregnancy center that offers this lifesaving option. Time is critical in the reversal process, so we have recently begun stocking micronized progesterone right in the clinic! Being able to begin treatment ASAP can bring tremendous peace of mind.

We also offer ultrasounds to check for a heartbeat, measure the baby's age, and offer the mom a glimpse of her child, a meaningful and often emotional moment. I walk through every step with these moms to maintain continuity and strengthen the trust formed during our initial call. Our team offers compassion and kindness, ensuring women feel supported during this incredibly vulnerable moment. We want them to remember Assured as a place of peace, hope, and genuine care.

Most importantly, we are committed to sharing the love of Jesus Christ with every woman who walks through our doors. Through our words, our presence, and our care, we strive to reflect Christ's love in a tangible way to the women who need it most.

Since joining the APR Network, we have been able to offer hope to five women who regretted their abortions. We even know of one baby born because of this lifesaving treatment! Many still don't know that APR is an option, so we hope to educate more people about this second chance and empower more women to change their minds for life.

Walk FOR LIFE

This year, more than 200 people joined us in walking for life! It was an honor and joy to gather with our community and celebrate lives changed and saved. During the event, our executive director, Yvette Finlay, inspired us with a powerful message about the ongoing fight for life in our community and state. She called us to prayer, courageously asking God to move as we began our two-mile walk. We also had some of our local churches pray over our ministry as we continue to reach women, men, and babies in our community.

Every day, Assured Women's Healthcare serves women experiencing uncertainty, fear, and intense pressure. Our care and education can empower these moms to choose life for their babies, but our ministry is only part of the story. These women and their families rely on our community to continue supporting them in the days and years ahead.

Through our annual Walk for Life, we introduce local pro-lifers, churches, businesses, and more to Assured Women's Healthcare. It's an important opportunity to educate our community about the grave danger threatening the preborn and the need to step up for women and men experiencing unplanned pregnancies.

We look forward to this event every year, as it allows us to gather with so many who share our passion for life and desire to reach the vulnerable. God works through every one of us to bring light and life to this community, and it is a privilege to serve with you.

Thank you for standing boldly for life and supporting Assured Women's Healthcare! **And save the date for next year's Walk for Life on March 13, 2027.** We can't wait to walk with you again!

Grounded in TRUTH

Night of Giving 2026

KEYNOTE SPEAKER:
Mike Williams

We are so excited to gather with our partners, volunteers, staff, and community for our 2026 Night of Giving! This event is always a special opportunity to show how God is working through our ministry, introduce you to the women whose lives are being changed through Assured Women's Healthcare, and invite new partners to join our life-saving mission to protect the unborn.

This year's theme is "Grounded in Truth," a reminder to look to the Lord for stability and strength as we advocate for the sanctity of every human life and navigate the shifting abortion landscape. Pro-life comedian, author, and keynote speaker Mike Williams promises to blend humor and truth in an inspiring presentation that you don't want to miss!

As we approach our Night of Giving, will you support our ministry by praying for this event, inviting pro-life friends and family to attend, and giving to help us reach our fundraising goal?

If you would like to be involved, please email us at lrecicar@assuredorlando.org.

Hear
Setora's story!

He will be the sure foundation for your times, a rich store of salvation and wisdom and knowledge; the fear of the Lord is the key to this treasure.
